Merry Christmas & Happy New Year!

on behalf of Council and Staff of the R.M. of Sherwood No. 159

Reeve's Address…

Season's greetings to all in the RM of Sherwood!

Let me begin by boasting the good work of our teams, both in the office and out on the roads. We are finding ways to save money while also laying the groundwork for new opportunities in the community. Council and staff have dedicated long hours and hard work in the past year to both internal and external committees.

We have received very positive feedback regarding the extra contracts the Public Works team has offered to all ratepayers!

Take care and have a safe and happy holiday season! ..Reeve Susan Oakley-Paul

The RM of Sherwood is responsible for winter road maintenance and snow removal on the RM roadways.

To view the Snow Removal Maps or for more information on Snow Removal, please visit our website at www.rmofsherwood.ca.

Landowners will be responsible for snow removal of their own sites and shall not move snow from private driveways onto RM roadways, ditches, channels or ponds.

Hauling and storage of snow from offsite is prohibited unless a Development Permit has been approved for a snow storage facility.

Fire Protection

The RM of Sherwood's fire protection services are provided by the Regina Fire Department through an agreement between the RM of Sherwood and the City of Regina. When the Regina Fire Department responds to a fire or false alarm, all costs associated with their response are charged to the property owner.

Fire Fighting Insurance

The RM of Sherwood would like to advise everyone to make sure they have the appropriate Fire Fighting Insurance. Contact your local insurance broker to determine if your fire insurance policy covers the cost of fighting fires or false alarms. Fire response costs in 2022 varied from $1,600.00 to $40,000.00. A false alarm response could range in costs from $1,600.00 to $2,000.00

Controlled Burn Notices

The RM of Sherwood would like to remind everyone that when you are undertaking a controlled burn on your property, you must submit a Controlled Burn Permit Application to the RM of Sherwood. The Controlled Burn Permit Application can be found on our website. If you do not send in a Controlled Burn Permit Application and the Regina Fire Department is dispatched to your fire, you will be billed for that emergency response.

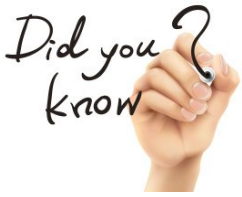
Building or Renovating?

Make sure you have the right permits.

Development Permits are required for any building, engineering, or other operations in, on or over land or the making of any material change in the use of the land or building.

Building Permits Are Required:
-To construct a new building or structure
-To renovate, repair, add onto, alter, or reconstruct an existing building or structure.
-To develop all or part of a residential basement, recreation room, attic or install a fireplace or wood stove.
-For any repairs which change or affect the structural nature of a building or structure.
-For any work regulated by The Construction Codes Act and Regulations.

Please contact the Municipal Office at 306-525-5237 or visit https://rmofsherwood.ca/departments/planning-development/ for more information on the administration of the Building Bylaw, Official Community Plan and Zoning Bylaw.



Do you need your lane graveled, snow ridging done in your fields, snow removal, blading work or mowing completed? Our Public Works department offers these Custom Work services, please contact Public Works at 306-525-5237 for a quote.
