Project Information Sheet

PROJECT DESCRIPTION

This project will include the construction of a grading and surfacing structure on various sections of Highway No. 6 and Highway No. 39 from 1.51 km southeast of the Milestone access on Highway No. 39 to the Regina Bypass; for a total distance of 27.79 km.

PROJECT DETAILS

- The Contract Number for this project is H23004.
- The Contractor for this project is Potzus Paving & Road Maintenance Ltd.
- The Contractor's address as indicated on the bidder's signing block is Yorkton, SK.
- Contract supervision will be provided by Soli Solutions Inc. personnel.
- The contractor is tentatively scheduled to begin grading work on the Corinne section August 8, 2023.
- Grading and culvert work on the Corinne section in 2023 will have minimal impacts on the travelling public. A majority of the work is greenfield construction with the exception of a highway crossing, and tie-in work adjacent to the highway. Traffic can be expected to slow to 60 km/hr at times when work is adjacent to the road.
- The contractor is tentatively scheduled to begin surfacing and paving in the spring of 2024, with an anticipated completion date of October 2024.
- As surfacing and paving work takes place in 2024, there is expected to be traffic impacts through a reduced speed zone where work is happening down to 60 km/hr with potential wait times of up to (but not exceeding) 20 minutes.
- The estimated total cost of this project is $57 million, including materials, construction engineering, and PST.
- This is a Capital Program project in the Southern Maintenance Region.
