## **PUBLIC NOTICE – ROAD RESTRICTIONS**

### **RE: SB90 Road application to occur the week of May 27, 2024**

The RM of Sherwood will be applying SB90 dust control on certain RM roadways.

There will be road restrictions for the following roads while the product is being incorporated into the roadway:

- Armour Road from Regina Bypass to Range Road 2212
- Range Road 2212 from Armour Road to Dewdney Avenue

SB90 is a high asphalt, non-emulsified, cold mix, maintainable road oil. Properly applied, SB90 cures to a smooth and stabilized driving surface that repels water and retains surface aggregate.
