AdvantageVM is a proud Canadian-owned sales, distribution and marketing company of premium vegetation management products dedicated to serving our customers with trust, reliability, and a deep commitment to product stewardship, environmental sustainability and risk management.

Why We're Different:

- Canadian-Owned Excellence: Rooted in Canadian values, we prioritize our customers' and communities' needs.
- Extensive Industry Experience: Our team has 118 years of combined experience in the VM industry.
- Trust and Reliability: We deliver consistent, reliable services that exceed expectations and build lasting relationships.
- Ownership Involvement: Owners are deeply involved in day-to-day operations, ensuring customer satisfaction.
- Women Leadership: Over 50% of our ownership and staff are women, bringing unique perspectives and innovative ideas.
- Herbicide Distribution Focus: Herbicide distribution to the VM industry is our primary focus and not a sideline. We are specialists in this field, ensuring that our customers receive the best products and services tailored to their specific needs.
- Comprehensive Product Portfolio: Offering a complete range of VM products from leading manufacturers.

At AdvantageVM, you can count on us to provide you with quality service and extensive expertise about the Vegetation Management Industry.

We know the importance of excellent customer service and timely communication, and we are committed to both our customers and the industry.

We occupy a niche in the Vegetation Management Industry: our combination of individualized service, industry knowledge, and willingness to put the work in differentiates us from the competition. Whether you need herbicides for railways, roadsides, or industrial use we can help you find the product that will best meet your needs.

Our unique combination of dedication and expertise in the Vegetation Management Industry makes us a partner to count on. Our staff are willing to go the extra mile to make your experience a positive one. Based on our expertise, you can rest assured knowing that AdvantageVM has you covered.

Our team is passionate about driving positive change within the Canadian Vegetation Management (VM) industry while ensuring the highest standards for each customer service and reliable delivery of goods for every customer.
